

P.S. Does not another what these falsifiers say. —  
The Decs of the times — I  
Mr. Garrison's  
sons will have  
the last word

Weymouth  
May 15<sup>th</sup> - (1881)

Mr May,

You see, by

the date of the enclosed  
that I expressed my thanks  
to you for your kindness,  
seasonably, — though by  
accident the letter was not  
mailed seasonably, — as  
I have just discovered: but  
in this case better late than  
never. Mr. Garrison's  
sons are a terror to the  
just punishment of evil  
doers. — Poor Theodore Lyman  
is sowing the Libanes &

Historical Societies with  
cooked stories of the  
things that took place  
while he was yet in his  
cradle. Men should  
think of their children  
& their own reputations  
when they leave right  
undone, & perboreal  
wrong, - as Mayor Ly-  
man did. Dr. Channing  
too! - The Unitarian  
body are bound by  
their own non-doing  
& in self defence to

know Dr Channing  
the founder & leader  
of the Anti-Slavery  
Cause. Unhappily they  
would have done better  
but for the great hindrance  
he as their leader was.

Now, Mr. J. F. Clarke  
is appointed, as a safe  
man, to write the  
article for the Boston  
book, on Anti-Slavery.  
You may know or  
what spirit he will  
do it; if you have seen

His article in the North  
American in which  
he, then safely preaching  
to a pro-Slavery Congrega-  
tion in a Slave-State  
declares Anti-Slavery 'was  
in no danger (is) when  
for he was safe. Suppose he  
cross-questioned by such as were  
there, & in danger:—  
"Were you present, Mr  
Sharke, at the time &  
Place you ~~think~~ say was  
so safe?—" "No. I was not  
"Stand aside then. You are  
not the witness."

Excuse this oversight about  
the enclosed & believe me your obedt  
friend: M. W. Chapman
